Tobacco Grower

February 14 is an important date

WHY?

It is the day on which the Maryland tobacco marketing quota referendum will be held.

WHAT'S AT STAKE?

If two-thirds of the growers voting in the referendum vote "YES" (in favor of quotas), the marketing quota and price support program for Maryland tobacco will be continued for the next 3 years.

OR

If more than one-third of the growers voting vote "NO" (against quotas), there will be no marketing quota or price support program for Maryland tobacco for the 1963 crop.

WHO MAY VOTE?

Any person—as owner-operator, landlord, tenant, or sharecropper—who was engaged in the production of Maryland tobacco in 1962.

VOTING PLACE

Your ASC County Committee will announce the location of a polling place in each community or neighborhood.

YOUR VOTE IS IMPORTANT

This is your opportunity to help decide whether marketing quotas and price supports for Maryland tobacco will be continued for 1963, 1964, and 1965. Cast your ballot.

Don't let someone else decide for you.
